owner of lot _____, in Surfside, Playa Potrero, Guanacaste

Folio Real # _____, Catastro # _____

hereby acknowledge that I have submitted an application for water service to ASA Potrero. Upon approval of the application by the Board of Directors, ASA Potrero agrees to deliver water to the meter they may install on the above lot.

I understand that ASA Potrero water mains may be located in close proximity to, or possibly within my property. In order to minimize the possibility of damaging these lines, I agree to cooperate with ASA Potrero to locate the lines prior to directing heavy equipment to clear and/or fill my property. I understand that any damage caused to ASA Potrero's infrastructure will result in the imposition of a Service Restoration Fee.

In some cases, culvert is necessary to protect ASA's water lines. In almost every case, it is necessary to prevent disruption of drainage. I agree to maintain drainage ditches free of construction or other material. I agree to install culvert to provide access to my property. I further understand that culvert must be installed before water will be connected to my property.
